"Let your coffee slave be denied his grog at its appointed time! Headache-sick stomach-fatigue like unto death, I know it all in myself, and have seen it in others. Strange that thinking, reason ing beings will persist in its use," says Chas. Worrall of Topeka, Kansas. He says further that he did not begin drinking

He would quit coffee and the conditions would slowly disappear, but "one cold morning the smell of my wife's coffee was too much for me and I took a cup. Major Sylvester, chief of police, who has een spending a few days at Atlanta, Ga., is expected to return tomorrow or Friday. As stated in The Star several days ago, Captain Austin and Lieutenant Amiss have

asked to be retired, and their applications will probably be acted upon before the beginning of the next fiscal year. Because of their long and efficient service Major Sylvester will recommend a substantial recog-nition of their work. create a vacancy, for which numerous applicants have already applied. Each precinct has two or three candidates. The names of Sergt. Byrnes of the sixth precinct and Sergt. Shilling of the first precinct have been among those mentioned for the promotion. They have been on the force a number of years and are thoroughly equipped for the position of commander of a precinct. In addition to the inspector and lieuten-

mentioned the appropriation provides for the appointment of forty-five police-men-thirty of class one and fifteen of ciass two. This will mean the promotion of fifteen men who now belong to class one. Three sergeants are also to be ap-pointed, and provision is made for the equipment of a bicycle squad of fifty men. These men are to be allowed \$50 annually for the purchase and keeping in repair of The appointments of a lieutenant and
